SUMMARY

To contribute as a valued asset to an organization by utilizing my skills for mutual growth. A React Native and React.js Developer with around 2.5 years of experience in building scalable mobile and web applications. Proficient in cross-platform development, state management and seamless API integrations.

TECHNICAL SKILLS

| | | |
|--------------|-----------------------|--------------|
| JavaScript | Post Man | Deep Linking |
| React Js | Visual Studio Code | JQuery |
| React Native | Git Hub, Git Lab, Git | Html,css |
| Firebase | Redux/Context | REST API |

PROFESSIONAL EXPERIENCE

Lunar Enterprises | React Js Developer

Sep 2024 - Present

- Designed and developed scalable, responsive web applications using React.js, improving load times.
- Built reusable, modular components and front-end libraries to maintain code consistency and reduce development time.
- Collaborated with UI/UX designers to implement pixel-perfect designs and enhance user experiences, increasing customer satisfaction.

Redbytes Software | React Native Developer

Jul 2022 - Sep 2024

- Designed, developed, and deployed cross-platform mobile applications using React Native.
- Collaborated with designers and backend developers to implement intuitive UI/UX designs and ensure seamless integration with REST APIs.
- Integrated third-party libraries, such as Redux, Axios, and Firebase, to enhance app functionality and maintain scalable state management.
- Implemented socket.io for tracking vehicle in leaflet map and React Native Maps.

EDUCATION

Master of Business Administration

Jul 2019 - Aug 2021

Cochin University of science and technology

- Major in Information Technology & Logistics.
- Project on "How to use Software as a service in day to day life".

Bachelor of Computer Science

Jul 2016 - May 2019

MS University

- Graduated with a solid foundation in coding, problem-solving, and software development principles.
