EDUCATION

B.Tech Information Technology

Hindusthan Institute of Technology

2020-2024

CGPA-7.77

Higher Secondary

Thiyagaraja Higher Secondary School,

2019-2020,

Percentage -65%

Hobbies and Interests

Exploring new web technologies and frameworks.

Designing interactive web interfaces.

PROFILE

Enthusiastic and results-driven MERN stack developer with a strong foundation in HTML5 , CSS , JavaScript , and React. Proficient in creating responsive, user-friendly web applications, and experienced in building full-stack solutions using Node.js, Express.js, and MongoDB. Passionate about crafting clean, maintainable code and delivering exceptional user experiences. Adept at working in dynamic and collaborative environments to develop impactful digital solutions.

CERTIFICATION

MERN Stack Development Course

[KGisl Micro College]

Overview: Acquired comprehensive skills in developing full-stack web applications using the MERN stack.

Achievements

Successfully completed and deployed multiple projects showcasing expertise in MERN stack development.

PROJECTS

Movie Finder Application

- Built a movie search platform where users can type a keyword to fetch movie details via an API call.
- Displayed popular movies by default and implemented dynamic data display using a carousel-like interface for detailed movie information.
- Handled error messages for invalid searches and logged fetch errors to the console.
- Technologies Used: HTML & CSS , Tailwind , React.js, Axios, API Integration

CRUD Application

- Developed a full-stack application for managing course information, allowing users to add, edit ,view, and delete course entries.
- Ensured a user-friendly interface for data entry and modification.
- Utilized React.js for front-end development and Axios for API calls.
- Technologies Used: Express.Js , MongoDB , React.Js , Tailwind , Axios
