SUMMARY

full-stack developer with experience in delivering scalable web applications from design to deployment. Skilled in problem-solving, building efficient architectures, and ensuring seamless user experiences. Committed to writing high-quality code, following best practices, and staying current with industry trends..

EDUCATION

BCom Computer Applications

Graduating 2024

Bharathiyar unniversity

Hindusthan College of Arts and Science

Relevant coursework: Web Development

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Javascript, React.js, Material UI, Ant Design

State Management and Data Fetching: Redux, Tanstack Query

Backend: Node.js, Express.js

Database: MongoDB, MYSQL

Version Control Collaboration: GitHub

Development Tools: VSCode, Postman

Cloud and Storage: Cloudinary

INTERNSHIP EXPERIENCE

Tech Jose, Kovilpatti, Tamilnadu: MERN Stack Developer Intern

Dec 2024 – Feb 2025

- Contributed to the development and optimization of frontend features, enhancing user experience and application functionality.
- Implemented data export and integration features, improving workflow efficiency and system performance.
- Utilized modern libraries such as Tanstack and state management tools like Redux to optimize application performance and maintainability.
- Assisted in backend API development, ensuring smooth integration between frontend and server-side functionality.
- Contributed in userbased Schema development .

ACADEMIC PROJECTS

WildLens

Tour Booking Application

- Implemented real-time availability, user-specific bookings with role-based authentication and authorization .
- Integrated Stripe for secure payments, utilized MongoDB Atlas .
- Technologies - React JS , Ant Design , Node JS , Express JS , MongoDB.

WildCart

Ecommerce Application

- Achieved advanced search filter option and categorized products with cart functionality utilizing RESTful APIs .
- Integrated Stripe for secure payment processing, focused performance enhancements, streamlined code for maintainability.
- Technologies - React JS , Material UI , Node JS , Express JS , MongoDB.

Task Manager

Todo Application

- TaskManager is simple todo application showcasing CRUD implementation using MERN stack technologies.

COURSES AND CERTIFICATIONS

GUVI, IIT-Madras, :

- Certified MERN developer with certifications of respective technologies
