PROFILE

I am a passionate and results-driven full-stack developer with a strong foundation in both front-end and back-end development, I specialize in creating seamless, user-centric solutions. My expertise spans modern frameworks, scalable architecture design, and database management, enabling me to deliver innovative and efficient solutions.

WORK EXPERIENCE

ShypBUDDY India Pvt Ltd

2024- PRESENT

Finance Automation and Management

- Created a robust payment processing module from scratch to streamline and manage product payment debits and credits seamlessly.
- Automated admin-side payment processing, reducing FinOps workload by 50% and significantly improving efficiency.

Shopify App Development

- Developed a custom Shopify public app from scratch to sync store orders with our panel and track deliveries.
- Served 50% of the whole sellers on our platform through the customized app.
- Utilized Shopify webhooks for automated and seamless order tracking.

Coupons Module and BlueDart API Integration

- Built a comprehensive coupon module enabling coupon creation on the admin side and seamless utilization on the seller side.
- Integrated the Bluedart API to streamline order shipping, ensuring efficient and reliable delivery management.
