PROFESSIONAL EXPERIENCE

Front End Developer Intern at Besant Technologies,

May 2024-Present

Designed and Developed responsive web pages using HTML5, CSS3, Javascript. Implemented user interfaces and interactive features with React.js

PROJECTS

Online Food Ordering System - HTML5, CSS3 and Javascript

November 2023 - January 2024

Developed a robust Online Food Ordering System utilizing HTML5, CSS3, and JavaScript. Designed and implemented a responsive front-end interface to facilitate user-friendly navigation and seamless ordering experiences across devices. Integrated real-time updates for menu items and order statuses and efficient order management.

E-commerce Clothing Website-HTML5, CSS3 and JavaScript May 2024-Present

May 2024-Present

Developed a responsive front-end interface for an E-commerce clothing website using HTML5, CSS3 and JavaScript. Designed and implemented user-friendly features including product listings, search functionality, and cart management. Utilized CSS3 for responsive design and enhanced user experience across various devices. Integrated dynamic functionalities such as product filtering and sorting to optimize usability and customer satisfaction.
