SKILLS

- React
- jQuery, Ajax
- JavaScript
- Bootstrap
- CSS
- HTML

LANGUAGES

- ENGLISH (R, W, S)
- TAMIL (R, W, S)
- MALAYALAM (S)

EXPERIENCE

A Team Soft Solutions (June 2024 – Present)

I gained extensive experience in web development, honing my skills in front-end. I worked on various projects that allowed me to apply and expand my knowledge in HTML, CSS, JavaScript, and frameworks like React. Collaborating with a talented team, I developed responsive and user-friendly websites, ensuring optimal performance and functionality. This experience not only enhanced my technical skills but also deepened my understanding of best practices in web development.

PROJECT

- **A Team Website**

Designed and developed a fully responsive website for A-team solution using HTML, CSS, and Bootstrap. The project involved creating an intuitive user interface with a clean layout, featuring a navigation bar, image gallery, and a dynamic contact form. I focused on optimizing the site for mobile devices, implementing Bootstrap's grid system to ensure a seamless experience across various screen sizes. Additionally, I enhanced site performance by optimizing images and minimizing load times, leading to a 30% increase in user engagement. This project not only honed my frontend development skills but also strengthened my ability to work collaboratively in a team setting.
