Summary

As a passionate Full-stack developer with a Bachelor's degree in Computer Science, I specialize in creating dynamic and engaging web experiences. With proficiency in HTML5, CSS3, and backend technologies like Java Spring Boot and MySQL, I am actively enhancing my expertise in Java, Java 8, MySQL, and full-stack development. Through various completed projects, including front-end development using HTML and CSS, I've honed my skills and am excited to continue expanding my knowledge in Spring Boot and full-stack technologies.

Technical Skills

- Front -end : HTML, CSS, Java Script
- Back-end : Java core, Java 8
- Database : MySQL
