Tamil

PROFILE SUMMARY

Motivated MERN Stack Developer with expertise in MongoDB, Express.js, React, and Node.js. Skilled in building scalable applications, writing clean code, and solving complex problems. A strong team player eager to contribute to innovative projects and grow technically.

WORK EXPERIENCE

Why Global Services | Intern   July/2024-Present

- Developed and enhanced a responsive web application, ensuring seamless functionality across all devices and increasing user engagement.
- Designed and built RESTful APIs for efficient data exchange, enabling smooth communication between the front-end and back-end.
- Implemented JWT authentication for secure user verification, enhancing data protection and access control.
- Optimized website speed and performance, leading to faster load times and improved user retention.

PROJECTS

Doctor Appointment Booking System 🔗

Tools: React.js, Express.js, Node.js, MongoDB, Tailwind CSS

- Developed a Full-Stack system with separate role-based panels for Admin (Doctors) and Users.
- Built a RESTful API with JWT authentication and OAuth Google Sign-In for secure access.
- Delivered a responsive design, ensuring a seamless user experience across devices.

Movie Ticket Booking System 🔗

Tools: React.js, Express.js, Node.js, MongoDB, Tailwind CSS

- Developed a movie ticket booking platform with real-time seat selection and showtime management.
- Built a RESTful API with JWT authentication and OAuth Google Sign-In for secure access.
- Integrated secure payment gateways for hassle-free transactions.

PortFolio 🔗

Tools: React.js, Tailwind CSS, Framer Motion

- Designed and develop a responsive portfolio website using React.
- Implemented Framer Motion animations for engaging transitions and interactions.
- Optimized responsiveness across devices for a seamless user experience.

DECLARATION

I do hereby declare that the above given information are true to best of my knowledge.
