Alagappa Chettiar Government College of Engineering And Technology — Karaikudi, TamilNadu
B.E. in Computer Science And Engineering -CGPA: 7.8 — *September 2021 – May 2024*

Al-Ameen Polytechnic College — Erode, TamilNadu
Diploma in Computer Science and Engineering - Percentage: 97.67 — *Aug. 2018 – May 2021*

EXPERIENCE

PHP Developer Intern — September 2024 – Present
Beam Innovate Pvt. Ltd — *Navi Mumbai, Maharashtra*

- Developed and maintained a scalable RESTful API using FastAPI and MySQL to efficiently manage data for a blood donation camp website.
- Engineered a full-stack web application using CodeIgniter, HTML/CSS, JavaScript, and Bootstrap based on client requirements.
- Designed and implemented a high-performance REST API using Slim PHP and MySQL for an e-commerce platform, optimizing scalability and database query efficiency.
- Utilized GitHub for version control, code collaboration, and project tracking, ensuring seamless integration and deployment.

Web Developer Intern — June 2023 – July 2023
National Small Industries Corporation (NSIC) — *Chennai, Tamil Nadu*

- Gained hands-on experience in full-stack web development by contributing to large-scale projects and understanding core business logic.
- Designed and developed an interactive landing page for client websites, improving user engagement and accessibility.
- Enhanced front-end UI/UX using HTML, CSS, and JavaScript to align with client specifications and modern web standards.

PROJECTS

Library Management System | *PHP, MySQL, HTML, CSS, jQuery* — Aug 2024

- Developed a full-stack application for efficient library operations management.
- Implemented role-based secure login and registration for librarians and members.
- Designed an intuitive dashboard displaying real-time statistics, including book availability, issued books, and member activity.

Portfolio Website | *PHP, MySQL, HTML, CSS* — June 2024

- Created a fully responsive portfolio website for showcasing completed projects.
- Implemented backend functionalities using PHP for managing portfolio items.
- Ensured an optimal viewing experience across multiple devices.

To-Do List Application | *Laravel, MySQL, Bootstrap* — Jan 2024

- Developed a feature-rich to-do list application using Laravel and MySQL for task management.
- Implemented CRUD operations for adding, updating, and deleting tasks.
- Designed a user-friendly interface with Bootstrap for better usability and responsiveness.
- Used authentication and user roles to allow multiple users to manage their tasks securely.
