🪪 PROFILE

Innovative developer with a proven track record of building user-centric web applications and robust backend systems. Skilled in delivering scalable solutions through collaboration and problem-solving, transforming complex requirements into high-performance applications.

🎨 SKILLS

Programming Languages
- HTML5, CSS3, javaScript,java,typescript,python
- ReactJS, Bootstrap, Tailwind CSS,NextJs
- Responsive Web Design, Cross-Browser Compatibility

Backend Technologies
- Node.js, Express.js
- RESTful APIs, Server-Side Scripting
- Database Management: MongoDB, MySQL

💼 PROFESSIONAL EXPERIENCE

Software Devloper Intern   11/2024 – 01/2024
Ruduo Technology   Chennai
- Gained **hands-on experience** in **Next.js** and **Tailwind CSS**, mastering modern frontend development practices.
- Explored advanced UI/UX design principles with **Material UI**, creating visually appealing and responsive components.
- Leveraged **GSAP** and **Framer Motion** to implement smooth animations and dynamic transitions, enhancing interactivity.
- Enhanced understanding of **modern web development workflows**, integrating cutting-edge tools and libraries effectively.

Full Stack Developer Intern   08/2024 – present
BranUps 🔗   Chennai

- Collaborated with cross-functional teams to translate client requirements into scalable **web solutions**, reducing development time by **20%** through streamlined workflows.
- Optimized **backend performance** by implementing efficient algorithms and database management practices, improving API response time by **40%**.
- Spearheaded front-end optimizations using modern frameworks, leading to a **25% increase in website loading speed**.

WordPress Developer Intern   08/2024 – present
GoaTek 🔗   Remote, USA
- Uploaded and managed product listings on WordPress platforms, ensuring accurate and detailed information, which contributed to a **20% improvement in product visibility**.
- Maintained a structured workflow to streamline product uploads and client collaboration, ensuring an efficient and user-friendly experience.

🎓 EDUCATION

Bachelor Of Computer Application   06/2021 – 05/2024
Bharathidasan University   Kumbakonam

XII : HSC Computer Science   05/2020 – 03/2021
Anuradha school   Nalur
Percentage 85%

X : SSLC   03/2018 – 03/2019
Anuradha school   Nalur
Percentage 83%

📁 PROJECTS

Wedding Money Collecting Website
Tech Stack: ReactJS, Node.js, MongoDB
- Developed a finance tracker with authentication, allowing users to log income and expenses securely.
- Implemented data preview and export-to-PDF functionality for convenient record-keeping.
- Achieved **30% faster data processing** by optimizing database queries.
- Designed an intuitive UI, improving user engagement and retention.

School Admission Website

Tech Stack Used: ReactJS , Tailwind CSS , JavaScript

- Designed and developed a responsive and user-friendly website for **Anuradha Mahavidyalaya**, enhancing the school's online presence.
- Implemented a clean and intuitive interface, improving navigation and accessibility for students, parents, and staff.
- Ensured cross-browser compatibility and optimized the site for both desktop and mobile devices.

Software Company Website

tech stack Used:NextJS,Tailwind Css,Framer Motion,Typescript

- **Developed a responsive and dynamic software company website** using Next.js and Tailwind CSS, enhancing the company's online presence and user engagement.
- **Gained proficiency in Material UI, GSAP, and Framer Motion**, implementing visually appealing animations and transitions to improve user experience.
- Collaborated with cross-functional teams to deliver a high-quality website, ensuring compatibility across devices and browsers.

📚 COURSES

Java Full Stack Course   08/2024 – 12/2024

Anudip Foundation   Chennai

- Gaining in-depth knowledge of **Core Java** concepts, including object-oriented programming and multithreading.
-
- Developing hands-on projects to integrate front-end and back-end technologies, showcasing full-stack development expertise.
- Enhancing skills in debugging, code optimization, and adhering to industry best practices.

🎗 CERTIFICATES

- IBM Backend development certificate 🔗
- Python Certificate - University Of Michigan 🔗
- Wordpress Certificate - Udemy (08/2024) 🔗
